WEST SIDE EVENTS.

Trolley Road from This Part of the City to Providence Opened—Laying a Double Track.

The Scranton Traction company yesterday opened its belt line from Hyde Park to Providence. Forty minute trips were made all day and the new departure was stamped a decided success. Two transfers of passengers were necessary yesterday. At the Lackawanna avenue bridge and at Tripp's crossing. At the bridge double tracks are being laid and the crossing over the Delaware, Lackawanna and Western tracks has not yet begun. When these points are again ship-shaped several more cars will be added. The railroad company objects to the Traction people laying their tracks on the Tripp crossing owing to the steep grade on the Hyde Park side. Persons on Taylor, Luzerne, Eynon or Washburn cars who wish to go to the North End will be given transfers at the corner of Lackawanna avenue and Ninth street. The first car leaves at 5.40 o'clock a. m. and the last at 11 o'clock p. m. The Providence cars run from the Marine to Tripp's crossing. Yesterday the connections were made with commendable regularity.

Owing to the necessity of the bridge the West Side lines were worked under difficulties yesterday. The company is laying double tracks from Franklin avenue to Seventh street. To cross the bridge the planks had to be torn up for the new track. In doing this the company blocked the north half of the bridge and an improvised fence was built to guard off humanity from the open parts. Vehicular traffic was impeded to great extent and there were several blockades. But the job will be completed after a few hours more work. To make up for the lessened number of cars on the Hyde Park end of the bridge it was necessary to make flying trips. Luzerne car made the round in forty minutes; North Main in forty; Washburn in fifteen, and three Taylor cars were obliged to do more work. MATCH FOR LOCAL SHOOTERS. Patagonia has organized a shooting association, and the name of the concern is "Patagonia." A sweepstakes match at pigeons will be conducted on Aug. 8, and everybody is invited to participate. First there will be a match for shooters who have never won a prize. The entrance fee is \$2.50. Following this will be a "grand" sweepstakes for all comers. The entrance is \$7.50.

The committee in charge consist of W. B. Stevens, Daniel Kohler and Alexander Phillips. Resolutions should be sent to Stevens' hotel, on South Main avenue.

UP WITH THE TIMES. Harry Willmore, a young man about town, has invented a new scheme for begging. The plan is the result of the bicycle craze. For several days past Willmore has gone about to different houses and he asks for 50 cents at each place. His plea is that he rode here from Northumberland on a bicycle. He met with an accident and the wheel was smashed. He wants to have it repaired. Willmore is quite successful.

DEATH OF MRS. WILLIAMS. Mrs. Thomas J. Williams, a respected resident of this side, died yesterday at her home, 322 Roberts court. Deceased was born in Dukestown, Wales, in the year 1836. She has lived here for a number of years. The cause of death was physical weakness brought on by repeated attacks of epileptic fits. The funeral arrangements had not been completed last night.

ATTENTION. Members of Waco council, No. 45, Daughters of Pochontas, are requested to meet at the hall Thursday afternoon at 2 p. m. sharp to proceed to Taylor in a body to attend the funeral of Sister Lloyd. Sister councils are invited.

Nora Wheeler, Pochontas, Anna Soden, K. of R.

SOUTH SIDE NEWS.

Seventh Anniversary of James Connell Lodge Celebrated at Fruehan's Hall. Break at South Works.

James Connell lodge, No. 170, Independent Order of Odd Fellows, celebrated the seventh anniversary of the organization at Fruehan's hall, Cedar avenue, last night. The programme was well selected, and delighted a large gathering of the families and friends of the members. G. Shantz, one of the past grand masters of the lodge, was chairman of the evening. The leading feature of the programme was an address on Odd Fellowship by J. R. Thomas, of the West Side. He addressed himself especially to the young men of the lodge, because he did not think it was necessary to repeat what he said for the benefit of the older ones, as they remembered the incidents well enough. He went back to the days of the civil war and related the history of the order in that trying period. He dwelt upon the battle of Gettysburg, and was very entertaining throughout.

Others who contributed to the pleasure of the occasion were Miss Elizabeth Schuler, Miss Belle Tolemie, Fred G. Otto, W. W. Stone, of Archibald street, Bellevue, have returned from a vacation trip to Corning, Watkins Glen and Mansfield, N. Y.

Miss Cora Vogle, Oliphant correspondent of The Tribune, is visiting West Side friends.

A TEMPORARY BREAK.

One of the large engines at the rolls in the South Steel mill gave out at 5 o'clock yesterday afternoon and necessitated a temporary break. Master Mechanic W. C. O'Malley got a force of men to work and at 9 o'clock in the evening the mill resumed operations. The broken part was connected with the crank of the engine. There was a fear that the accident would throw the mill idle for several days.

SHORTER PARAGRAPHS OF NEWS.

MARKETS AND STOCKS

Wall Street Review.

New York, July 29.—Stocks at the opening were generally lower, the decline in the usually active list extending to 1/4 of 1 per cent. London cables were disappointing and local bears were aggressive at this time, the failure of the New York city and Brooklyn city gold loans and the political uncertainty being used against the market. About 11 o'clock a steadier tone prevailed and a slight rally ensued, but subsequently the entire list weakened on renewed sales for both the short and long account. Sugar was hammered down to 109, a loss of 1/4 per cent. compared with yesterday's final transactions, while the Grangers, Manhattan, Western Union, Louisville and Nashville and Chicago Gas fell anywhere from 1/4 to 1/2 per cent. In the inactive shares, Lackawanna dropped from 15 1/2 to 14 1/2, Lake Shore from 14 1/2 to 14, and Pullman Palace from 14 1/2 to 14, all on light transactions. During the afternoon session the room traders and small bears generally started in to cover, and the market in consequence presented a firmer front. For some reason, not clearly explained, the trading element was disposed to take a more cheerful view of the chances of the sound money advocates in the coming presidential election, and the afternoon advance was attributed to this belief. In the advance Sugar was most prominent, rising from 109 to 102 1/2. The Grangers, Chicago Gas, Lake Shore, Southwestern and Manhattan moved up 1/4 to 1 1/2 per cent. Near the close Sugar suddenly ran out of the market, the rising tendency in the general market, in the final dealings the market was barely steady. Net changes in the active stocks show gains of 1/4 of 1 per cent. Sugar lost 1/4 and some of the specialties 3/4 of 1 per cent. Total sales were 238,899 shares.

PHOTOGRAPHING THOUGHT.

Dr. Baraduc Announces His Success and Shows the Plates. From the London Standard.

It may be rash to pronounce that anything is beyond the photographer's art. But the communication just made to the Paris Academie de Medicine by Dr. Baraduc is so astonishing that if he had made it before Dr. Rontgen had rendered his discovery public, very few people would have been inclined even to inquire into the matter. Indeed, Dr. Baraduc affirms he has succeeded in photographing thought, and he has shown numerous photographs in proof of his assertion. His usual method of proceeding is simple enough. The person whose thought is to be photographed enters a dark room, places his hand on a photographic plate, and thinks intently of the object the image of which he wishes to see produced. It is stated by those who have examined Dr. Baraduc's photographs that the most of them are very cloudy, but that a few are comparatively distinct, representing the features of persons and the outlines of
